

PENNY'S CORNER

HELLO, FRIENDS!

I hope you had a great summer filled with lots of adventures! I had a great time flying to all 10 Synergy Bank locations around Louisiana. During my travels, I learned how banks help people in our community!

Have you ever dreamed of owning your own ice cream shop or buying a house? A bank could help make your dreams come true! Banks help people make big purchases like a house, car, or business by *lending* them money. If a bank lends you money, you'll have to make sure to pay all the money back plus a little extra called *interest*.

Banks can also keep your money safe. A savings account is a great way to save your money and earn a little *interest*. There's that word again! This time, interest means money that a bank pays you for keeping your money in a savings account.

Most importantly, a bank is filled with helpers who can answer your questions. I know my friends at Synergy will be especially happy that you stopped by!
